Here are some pictures that I have collected from all over, and for Lord only knows why. Before I discard them off my HD, I've decided to share them with all of you out there is Internet-person land.

SHTF Romanian Style

Soldiers and armed civilians occupy the office of ousted Romanian leader Nicolae Ceausescu in the capital Bucharest on Dec. 26, 1989, the day after he was executed.

The Progressive Dream

This is pretty much what all the progressive socialists and SJW's think that world will turn into once they are the boss and are given the ability to tell everyone else what to do. Hum. Do you all think that this is what's going to happen? Nope, neither do I.

Swiss Bf-109's

During World War II, the “neutral” Swiss traded with Nazi Germany. This picture describes the markings on their BF-109's.

Conan gives his advice on life...

Conan gives his advice on life. He describes how life works and how much he enjoys “smelling the flowers”.

Three types of men

There are 3 types of men

There are three types of men. Which type are you?

**"We are going to take things away from you
for the common good."**

**" We just can't trust the American people to
make those types of choices ... Government
has to make those choices for people."**

Hillery explains her governmental philosophy to her "followers". We need to take things away from the people so that they can be ruled over by a benevolent, smarter government. Yes. Just like how she and her husband did all those years in government.

Hoe squad at the ADC

Hole squad at the ADC. This is Cummins. Yup, this is what it is like. This is what Hard Labor is like in Arkansas and it is anything but easy.

Enlarged detail in the “Drone Hoax”

NSA spent a lot of time disparaging the MAJestic disclosure. This is for C.A.R.E.T. and MAJestic. Whatever. This is an enlarged view of the underside of one of those pesky “drone hoaxes” that are (wink – wink) just a hoax.

SHTF imagery

SHTF and CW2 is never pretty. Luckily we have photographs of what it looks like, though it seems that many are now getting placed behind paywalls for some reason or the other making them inaccessible.

The Four Conspirators

Hanging of the four conspirators involved in the assassination of Abraham Lincoln.

Saint Joseph's Church

I often read nonsense about China on American forums. As someone who is living in China, I find many of the so-called reports from “experts” to be just made up lies. LIES. So when I read about church cross removal in China, well, the first thing that I do is go to the nearby church and see what is going on. In every instance, what is going on is absolutely nothing. The cross still stands proud and high.

11/11/18(Sun)00:34:37 No.193019161

I am going through public voting records, and the dead in Broward County are voting.

Feel free to help me search. Here's how:

1.Pick a random birthdate, preferably 80+ years ago.

Search for active voters in Florida

Look up the person + the word "obituary" to find out if they're actually dead

Search on Florida's database to verify that they're active". Note - you're listed as inactive if you don't vote in 2 elections in Florida

Post results, but blur out full addresses so the mods don't get bent out of shape (even though these people are dead)

Here's a jumping off point, but feel free to pick a different date:

Discovered and proven. Taken to the police to act on. No action taken. The government in power wants vote fraud, and the opposition parties is supportive of that.

Suburban ideal

Nice duplex from the early 1960's. This was the dream house for many a young couple.

Time for some soup...

Slow cooker Chicken Tortilla soup. Now, wouldn't you just love to have a bowl of this most delicious soup? I know that I would.

MK-ULTRA Film Purge

The United States government attacked it's citizens in a large series of tests used to control the minds of people. When discovered, they immediately erased and destroyed as much documentation that they could. Precious few photos or documentation remains. This is one such photo.

ALWAYS LEAVE OFFICE ON TIME

1. Work is a *never-ending process*. It can never be completed.
2. Interest of a client is important, *so is your family*.
3. If you fall in your life, neither your boss nor client will offer you a helping hand; *your family and friends will*.
4. Life is not only about work, office and client. *There is more to life*. You need time to socialize, entertain, relax and exercise. *Don't let life be meaningless*.
5. A person who stays late at the office *is not a hardworking person*. Instead he/she is a fool who does not know how to manage work within the stipulated time. He/She is a loser who does not have a personal or social life. He/She is inefficient and incompetent in his work.
6. You did not study hard and struggle in life to become *a machine*.
7. If your boss forces you to work late, *he/she may be ineffective and have a meaningless life too*; so forward this to him/her.

Always leave the office on time.

The CIA heads for the hills...

After the CIA messed up Cambodia and allowed the Communist insurgents to take over the nation, there was wide-spread panic. This photo depicts American military protecting the CIA assets as they evacuate the Cambodian capital city.

Intention Imagery

If you want to create a vision board for intention generation, you cannot go wrong with using this image. Nothing is finer than a pizza pie on the beach on a fine day.

Bill Clinton?

I was once told that this was a photo of Bill Clinton. I mean it sort of looks like him, but the mustache doesn't quite fit. Maybe it's his body double.

She's a real cow...

I know that some people want to get all costumed up for sex, but this I am afraid, is a little extreme.
Don't you all think?

The Pearly Gates

I have met many people who earnestly believe that they can be bad and ask for forgiveness so that they can reserve a seat for themselves in Heaven. I've got news for you all. It doesn't work that way. Forgiveness is earned over time.

Now for the rest of the story...

Once the CIA failed, and the Cambodian government collapsed, the American instigators fled the country. What remained, the military and the police were ordered to turn in their weapons to the new progressive communist government of Pol Pot. Once, the weapons were turned in and collected, the soldiers were rounded up, collected. They were cataloged and photographed. Then they were killed.

Killed dead. That's progressive socialists for you.

China on the dark side of the Moon

China has landed a lander on the dark side of the Moon. This is a real difficult feat as there just isn't any kind of direct way to communicate with Earth based command and control. Instead, an orbiting satellite must relay remote commands to the lunar rover. Pretty cool stuff.

Being a boy in the 1960's

This is what boyhood was like. He has his toy pistol and holster (now banned by the Democrats), his little red wagon which was a boyhood staple. As well as the all-metal tricycle that was eventually displaced by a plastic one in the 1970's.

Grilled Ruben Sandwiches

Beer goes great with a grilled Ruben sandwich. As does the proper dipping sauce of Thousand-Island dressing, and a nice pickle along the side. Personally, I believe that a fine frosty beer would go great with this sandwich. Don't you?

7 RULES OF LIFE

1. Make peace with your past so it does not affect the present.
2. What others think of you is none of your business.
3. Time heals almost everything, give it time.
4. Don't compare your life to others and don't judge them. You have no idea what their journey is all about.
5. It's alright not to know all the answers. They will come to you when you least expect it.
6. You are in charge of your happiness.
7. Smile. You don't own all the problems in the world.

The seven rules of life.

Chicken, Beer and slaw...

Life is too short not to enjoy chicken, beer and coleslaw. I think that we owe it to ourselves to enjoy life to our fullest, and that means good food, great drinks and fine friends.

BLT with peaches on the side.

The primary characteristic of a well-made BLT is the abundance of bacon and fresh delicious tomatoes. You also must make sure that the bread is properly toasted. For only the properly toasted bread will serve to complement a mighty proper icy beer.

Consort Ranking for Chinese Kings

This is how consorts are traditionally managed in China. In China, the King often had a great selection of women to choose from to mate, and “consort” with. They followed some strict rules of internal society, and it pretty much followed a pyramid like structure.

Unless active and proactive tasks are undertaken to drain the swamp, it will never be drained. It will only get worse, and eventually will come a point of collapse. Also known as the SHTF and CWII events. Who is currently active in these areas today?

When making a club sandwich you need to be very careful and cut cross-wise. That way you can have four tiny triangle shaped bites of delicious sandwich.

Purchasing Power of the USD

The Greenback's Purchasing Power

This log scale chart of the purchasing power of the dollar begins with an index value of 100 at the passage of the Mint Act of 1792. The solid lines present periods when the dollar was convertible into a specific quantity of gold, and the fluctuations represent changes in the purchasing power of gold. The dotted lines present periods when the dollar was not pegged to gold, during and after the War of 1812, the Civil War, World War I and World War II. There was limited convertibility from 1945 to 1971, but the dollar lost purchasing power during the period. The last link between the U.S. currency and gold was cut in 1971 and the loss of purchasing power accelerated. By 2004, the dollar had lost more than 92% of its original purchasing power.

The USD has very little worth. If you think that a 22 trillion dollar debt is going to make things better, then you are sorely mistaken.

The American Dream

The American dream is one with a family eating together in the backyard on a nice sunny Summer afternoon. It is a time of togetherness, clean and cheerful clothes and mowed grass. Not to mention the very delicious hotdogs.

Posts Regarding Life and Contentment

Here are some other similar posts on this venue. If you enjoyed this post, you might like these posts as well. These posts tend to discuss growing up in America. Often, I like to compare my life in America with the society within communist China. As there are some really stark differences between the two.

What is going on in Hollywood? Have they lost their collective minds? The frequency of Hollywood making movies that pander to the feminist SJW movement is revolting to the movie-going public. The result of this is a slew of mediocre movies that no one will pay to see. Here, I argue that the profit model that Hollywood has been built upon is in danger and that steps must be taken to repair it before it is too late.

Why Can't America have High-Speed Bullet Trains?

Well? Why not? Just about every other nation of any significance has them. But, somehow, America just can't afford them. America spent over 77,000,000,000 on a high speed rail line in California, and only got 15 miles of track laid down, no stations, and some multi-million dollar fiberglass and cardboard mockups.

The Most Important Things That a Man Looks for in a Woman.

Here, we look at the things that men search for in a woman. These things are considered, by men, to be absolutely essential in a mate. We discuss ten attributes and go into detail as to why they are important.

Adventures Exploring the Cemeteries of Indiana

Cemeteries can tell us a lot about ourselves, our history, and our future. This is most especially true in regards to smaller and remote cemeteries located in the counties that surround us. This is my story about the impressions that my forays into these curiosities made upon me.

What it was like being a kid in the early 1970's

This is my narrative of what it was like growing up as a young teenager in 1971. This took place in the hills of Pennsylvania outside of Pittsburgh. I was 13 years old. I went to school, rode my bicycle around everywhere. I fished with my father, and watched television a lot.

The Fiasco of the Reengineering of the Common Tomato

This is the sad, sad story about how the wonderful and tasty tomato was reengineered to be “better”. It was made better to ship. Better to sell. Better to store. However, there was one thing missing. No one paid any attention to taste, which is why it tastes like a cardboard shipping box today.

A Movie Tribute to the 1980's When Ronald Reagan Ran America.

Here we argue that movies reflect society when they were made. Today we see popular movies being remade as all female versions due to the progressive realities today. Likewise, the movies of the 1980s reflected the time when they were made as well.

Mad Scientist Explorations

Here we discuss what it was like growing up as a boy in the 1960's and the 1970's and the people, things, and adventures that inspired us. As such, we explore how the independence of growing up enabled us to cope through life when we got older.

The Gorilla Cage in the Basement

When I was a small boy, I used to play in the abandoned buildings nearby. Here is a story about one of the objects that lay hidden inside one of those buildings and the possible mysteries that it held. As a child we thought it was a gorilla cage, now as an adult, I am not so sure...

The Two Fundamental Types of Families and how they work

One of the reasons why there is apparently so much strife and upset in the United States today is because the federal government has permitted the destruction of the fundamental family unit. This destruction has resulted in the various conditions that are prevalent in America today.

How to Manage a Family Household.

Here we discuss how to manage a family household. We show that it is really a very easy thing to do. However, there are rules and roles that MUST be followed for it work perfectly. We look at the roles, and the rules, as well as the responsibilities of the people in the family.

The Importance of a Family Meal Together

There is nothing more important and satisfying than spending time together with friends and family and eating a meal together. It is a time of friendship, familial bonding and relaxation. Here we discuss what I have learned from my childhood and how I apply it today in my life.

The secret of long term relationships; soup, sandwiches, and icy cold beer. The secret to a lifetime of love and a strong relationship is through food. Specifically, having delicious sandwiches, nice thick wholesome soups, and icy cold beer, made by a loving family member who carefully sculpts the meal is a time-honored and history proven way to maintain happiness.

The Pleasures of Fresh Baked Bread with Butter

One of the things that I have come to miss, since I moved to China, is fresh hard crusty rolls with full salted butter. The Chinese are not really fans of crusty bread. They like sweets and sponge cakes. Here I describe something that is close to me; not appreciating what you have right in front of you.

What Work was Like in the 1960's and 1970's.

When people go to work today, they find that there are all kinds of rules and regulations. It is for diversity, safety, inclusion, and improvement in a new progressive world. Well, here is what work was like before it became a sterile progressive testing ground for the New World Order.

Learning during my 1970s High School years

Here is a pretty long post on what it was like to go to elementary school in the 1960's, and then attend high school in the 1970's. I graduated in 1977, and that my friend is exactly the target date for the famous movie "Dazed and Confused". Here is the real deal what it was like.

Some True Stories of Cat Heaven

Being in MAJestic taught me many things. One of which was an intimate understanding of Heaven and other "spiritual" things relative to quanta entanglements. Here I discuss what it is like to have a beloved animal (cat) dies and what actually happens to them and why.

Life Lessons from Working within the Corporate Dream – 1

After I was trained by MAJestic, I was left to fend for myself in Corporate America. It was a hellish existence. As such, I learned many lessons concerning behavior and the ultimate impact that it holds on our families, our friends, our loved ones, and our very lives. Here are my commentaries.

Life Lessons from Working within the Corporate Dream – 2

This is part two of the two part section. There is quite a lot of information to impart. Stories are told, and experiences relayed. Honestly working in corporate America in the 1980's, through the new century really sucked. It was harsh on everyone except the owners of the companies.

How to Build Up Your Life from Nothing.

This is for all those young men who are just leaving school and trying hard to build up their life. You can do it. Here are my thoughts and advice for a young man who is encountering that most difficult of challenges; carving your life out in the wilds of the world.

Allow your Children to Play and Grow (Part 1)

I am horrified, just horrified, that parents do not allow their children to play, roam and explore on their own. It has created a society of pampered fearful children. Here I discuss this in terms of what I know. This is very non-PC and might offend the more liberal readers out there.

Allow your Children to Play and Grow (Part 2)

This is the second part of my rant about permitting children to play, explore and have fun. Everyone, the odds that some stranger will abduct your child is very small. Most people who do this are family friends and neighbors. Stop being so fearful. It harms the development of your child.

The Song “Baby Got Back” Translated into Latin

Here is a fun post. The song “Baby Got Back” is translated into Latin and then back again. I have to tell you that it is indeed hilarious. *Rebecca, ecce! tantae clunes isti sunt!* (Rebecca, behold! Such large buttocks she has!) Anyways, it's just all fun and games. Enjoy.

Every Man Should Have a Roll-Top Desk

It's true, and I discuss why. A roll-top desk is made for the person who accumulates the clutter of the road as they forge their way through life. The desk becomes a symbol and a place for a man's privacy. It is a place where he has control over his life, and a place to store his treasures.

Why Women Need their own Personal Makeup Vanity Space

I am a strong believer that everyone needs privacy and a personal space to call their own. In this post I discuss the need for a woman to have a vanity and why it is important for a woman to spend time using it. Everyone, regardless of their situation, needs a place that is all theirs and theirs alone.

Adventures of a 70's Kid in an Army And Navy Store

Here we look at what adventures an Army and Navy store could hold for the inquisitive child. We talk about the history and the inherent adventures that lay hidden in dusty boxes, and dark corners. We narrate the exploration through the eyes of nostalgia. It's a pleasant excursion.

Comparison between American and Chinese Playgrounds

The differences between American and Chinese playgrounds couldn't be more telling. It is a tale of how things are handled differently and the roles that parents take. In China the role of the parent is to equip the child for life. While in America it is to protect the child from life.

Excuses We Use That Keep Us Enslaved

Here we look at what an American *actually* is. For the argument made here is that citizenship in the United States is not what qualifies a person to be an "American". Rather it is the way a person thinks, the way they act, and their general philosophy in life. For not everyone is an American.

More Posts about Life

I have broken apart some other posts. They can best be classified about ones actions as they contribute to happiness and life. They are a little different, in subtle ways.

On Being an Older Gent

Here are my thoughts on growing old as a man. The truth is that the life that I expected to have as I was growing up never materialized. Instead, something else manifested. My life today is nothing compared to what I thought it would be. For my illusions were created by American media.

Things that I wish that I knew when I was 25 years old

Here is the advice that I would give myself when I turned 25 years of age. It is the advice I would give my younger self after attending the school of "hard knocks" for around four decades or so. If only I knew then, what I know now. Would my life be any different? Let's look at this curiosity.

Be Who You Are

All our lives we are told who to be, what to do, what career to take. Our religion, our work, our schools, our government, and our loved ones all tell us what we need to do. Here, I tell you the opposite. Stop allowing others to tell you what to do. You know what you need inside of you.

Why an American man should leave America and Travel

All people should get up off their duff and go forth and Travel. However, this is most especially true for American men. The United States has become a crucible of PC progressive realities that attack and depreciate American men. Go out, young man, see the world as it really is!

The Amazing Bremelanotide PT-141

Forget Viagra, and all those other ED medications. This is the real deal. This little baby causes humans to *go into heat*. It interacts with the brain and sets up feelings of intense arousal on both men and women. It turns people into 16 year olds. As such it is banned in the USA by the FDA.

Bronco Billy and the 25th Law of Power

Bronco Billy is a fictional movie starring Clint Eastwood. The movie depicts the life of a man who decides to change his life and go ahead and do what he has always dreamed of doing. He goes out and becomes his dream. There are lessons here for all of us, we only need listen.

How they get away with it

Ten years ago, Bankers committed fraud in Wall Street that just about devastated the nation. Earlier, we had the S&L fiasco, the nightmare with penny stocks, and now the grand wholesale treason with the selling of Top Secrets to a foreign nation. This is how they get away with it.

How Rocket Scientists Build Paper Airplanes

This is a tale of what me and my classmates used to do when we were young Aerospace Engineering students at the university. We would design paper airplanes and shoot them down with bottle rockets. Here is just a fun little exercise down "memory lane". Enjoy.

What is Snopes.com and can it be Trusted?

Snopes is a "fact check" website that is fully funded by the oligarchy. It is used to "shout down" any narratives that does not support the rich and powerful, and politically connected globally. Here we discuss the organization, who they are and what they represent.

What life is like inside the ADC Prison in Arkansas

This post discusses what life is like in a hard labor prison in Southern Arkansas. We discuss hoe squads, food, the hole, commissary, dress, fashion, homosexual culture, prison gangs, murders, relationships and other aspects of life when you are sentenced to "Hard Time".

The Hazing of New Employees – A Lost Tradition

Up until the 1980's all companies would haze new employees. Today, we live in a world regulated by the government and policed by Human Resources. We forget how things used to be just a handful of decades ago. Here is my narrative when I started to work.

The Ultimate Method to Make Your Computer Safe and Secure

The best way to make your computer secure and private is to have very strong encryption and use an obscure operating system that very few people know about. Here we look at 37 obscure computer operating systems.

Nations that an American Man could Travel and Relocate to – Part 1 Here, I suggest places where an American man could go if he wanted to start all over again. You know, this happens. Often a man will go through a nasty divorce, or get raked over the coals by a business associate or the United States government. When it happens, it's time to start new.

Nations that an American Man could Travel and Relocate to – Part 2 Here, I suggest places where an American man could go if he wanted to start all over again. You know, this happens. Alternative Search Engines instead of Google

Google does two things that I do not like. Firstly, they vacuum up everything you do and send the information straight to the American deep state; the NSA and DHS. Secondly, they censor your results for you according to what they think you should see. Here we look at alternatives.

The Consequences of the #MeToo Movement

While the #MeToo movement burst forth onto American culture with good intentions, it was soon coopted by those with selfish and sinister intent. The aggressive nature of the accusations, and the consequences of being accused became dangerous. Here we look at the corporate aspect.

The Lies the Media Tell Us

The United States mainstream media does not report "news". Instead they fabricate events that are designed to manipulate. They do not employ reporters. They employ actors and they stage events for public display. Let's talk about this serious situation and how to avoid manipulation.

What it was like Growing Up in 1960's and 1970's America

Here is my narrative of some stories of what it was like growing up as a kid in the 1960's and the 1970's. It was a time of freedom, and we took full advantage of it. I'll tell you what. I discuss a little about the clothing, friendships, and relationships of that time.

What High School Taught me About Democracy

America was formed as a Republic. Yet, for many decades we were brought up in the notion that the United States is the greatest "Democracy" in the history of the world. I have my own opinions about that. Democracy is "mob rule". Let's talk about it from what I learned in my High School.

How to take control of your life by using the Rule of Eight.

Here we discuss the "rule of eight" as a method for controlling spending and budgeting for a household. It is a simple rule, and works 100% of the time. Here we discuss it in the three parts or aspects of use, and apply it to purchases by quantity, quality and frequency.
