Have you ever wondered why some people think the way that they do? I mean, why is it “common knowledge” that Trump followers are “Deplorable” Nazi “Red-Necks” who are High School dropouts and uneducated bumbletons? Why is it “common knowledge” that Universities and Colleges are the perfect routes for success in today’s modern world? Why is it “common knowledge” that we need to pay income taxes or else our bridges would collapse and our telephones would explode?

The News Media told us.

Have you ever really wondered about this? This absolute disconnect between the reality that we experience every day, and the reality that is presented to us on the news. Have you ever thought about it?

I mean it. The United States is currently fighting seven ...SEVEN... S-E-V-E-N wars! Not a single one of them is a threat to the United States in any direct way. Why are we there? Why are we fighting and our soldiers are dying there? Why?

Because the media tell us that we MUST be there.

It’s not only news about the United States, culture and society. But it is everything. How do we know what China is like? How do we know about how dogs are treated in China? Why

do we think that dogs are considered more delicious than a fine juicy sirloin or T-bone steak in China?

Because the media tells us, that's how we know.

How do we know that Hillary Clinton won the popular vote in 2016? How do we know that the 2016 election was corrupted by Russian spies, and that Donald Trump is the worst president since Ronald Reagan? How do we know that Donald Trump is uncouth, ignorant, and a lousy person?

Because the media tell us.

Speaking of Presidents... How do we know that George Bush Senior was a fantastic President, a real saintly man. That he was a man of principle and who raised taxes simply because he knew that it was the "right thing to do". How do we know? How do we know that Barrack Obama was the most "transparent" and civil minded person in all of history? How do we know that he and his wife are the most beautiful couple since Adam and Eve?

The media tells us this...

Ah yes. The media tells us...

Salon is a magazine that is straight from the oligarchy to your electronic media. They produce “news” and (so called) “reports” to manipulate you and to cause you to react. They want to manipulate your feelings and your emotions and eventually your actions. Who is paying them, and WHY do they want to manipulate you? Think about it.

The media tells us.

Speaking of which, have you ever wondered why Barrack Obama was awarded the Nobel Peace Prize? Was it because of his accomplishments? Was it because he was great, kind, and very intelligent? Was it because he issued in a new world of order and understanding? How do we know that he actually deserved the prize?

The media told us.

How are we able to find out that the prize was requested back? And that the committee fired the directors that granted it? How do we know?

The ALTERNATIVE media discovered it.

How did we discover about the dalliances that Bill Clinton had in the Oval Office? How did we know about the semen stain on a blue dress? How did we discover about the pay-offs and cover-ups?

The ALTERNATIVE media rooted it out.

The alternative media is the *only media that matters* in today's world. Everything else is bought up, controlled and manipulated for financial gain by the oligarchs that control our world. Through their money, and through use of science they have created a situation where the media acts like a Shepherd, and moves mass groups of people here and there to meet their personal criteria.

The media does not report on news. They provide entertainment disguised as news. They have stopped reporting news back in the 1960's. Since then, they have been bought up and reorganized for financial profit and to manipulate large groups of people to do the bidding of the super wealthy oligarchies that own them.

So while we might laugh at Alex Jones wearing a tin-foil cap, and Rush Limbaugh smoking a cigar with his formerly nicotine stained fingers, it is truly the alternative media that has any value in reporting the true and current state of American news today.

We might get frustrated with the Drudge Report reprinting obvious fake news from CNN, ABC, and MSNBC. However, at least he is trying to provide balance. Balance, mind you, to a playing field that has for a very long time, been completely distanced from real news reporting.

That is right. Distanced from ANY type of real news reporting.

Ask yourself why...

Why is it that we know about the latest bombing in Israel, and the torture and death of a journalist in the Saudi Arabian embassy, but not the failure to fix the potholes in Pennsylvania roads? Why isn't Lois Lerner being investigated? Why is Hillary Clinton still free? Why is the news still talking about Michelle Obama? How do we know which news is important?

How do we know that a mob of SJW and BLM activists are trying to disrupt traffic, force behaviors, and violently attack people with bicycle locks? How do we know that these are spontaneous events, and are grass-root reactions to what is going on in Washington, D.C.?

The American mainstream media concocts fake news. They take small events and blow them all out of proportion. They promote news that only affects the top 1% of the population, while ignoring the news that affects the rest of the 99% population.

The media told us. That's how.

Why is it that we discover that eating steak makes men impotent, and that a cup of Starbucks brand coffee a day will make you virile and sexy? How do we know that Starbucks will not hire veterans, but will endeavor to hire five thousand refugees?

Why has it become ok to accuse a man, any man of sexual misconduct, assault and rape?
Why has it been considered ok to ban Christmas cheer in the workplace, and schools?
Why is it just fine and dandy not to salute the flag and instead “take a knee” for the oppressed?

Why should we be fearful of giant rat-sized zombie hornets killing people in China? Why should we be concerned about the poor children that are knocking at the Southern border of the United States? Why should we be fearful of eating sunny-side-up eggs, and drinking with plastic straws?

Why should we be afraid to give our children peanut-butter and jelly sandwiches? Why should we worry about the next hurricane, the next Winter, or the next scorching Summer? Why should we worry?

Global warming is just an excuse to put people in fear and collect their money. Just like Global Warming was. You are being manipulated.

The media tells us to.

How do we know what news is true and what news is fake? How can we check to see if an article is actually factually correct, or is just propaganda? How do we know that we need to go to a media-aligned fact-check website...

The news media fact-checks themselves. How so very convenient. All done in the comfort of your living room.

The media instructs us, and checks for us.

They tell us if news is real or fake.

They tell us where we should go to get the “actual” truth. They tell us which government official is evil, and which is corrupt. They tell us which one is pure as the freshly fallen Winter snow.

The media tells us.

They have told us that Hillary Clinton was the most popular candidate in 2016 and that she would win by a landslide. They told us so. They told us that Donald Trump was a joke, and only uneducated hillbilly “gun toting” hicks supported him.

The mainstream media told us that Hillary Clinton rallies were full of enthusiasm. They told us that Donald Trump had no following. They lied to us.

They told us this.

The news media is not what we think it is. It is no longer “news”. The reporters no longer report on events. They define narratives. They tell us what to think and they massage our emotions. They have honed these techniques for many decades, and it has reached a point that where today, watching any form of media is opening yourself up to manipulative propaganda.

Abby D. Phillip
@abbydphillip

Big, boisterous crowd here in Omaha for Hillary Clinton and Warren Buffett

#TPPisTreason
@Z3pp3n

@CNNPolitics Are you reporting on the 50 people who showed up to Hillary rally in Omaha today?

CNN is referred to as “Fake News” because they lie. They do so often. They stage fake and contrived “news events”, while ignoring actual news.

The Media Tells us...

Do not listen to alternative news. The Drudge Report must be banned, and Mr. Drudge must be imprisoned and broken so that he will never threaten the oligarchy narrative ever again. Dittos for Rush Limbaugh. Rush needs to be thrown in Jail, the radio show banned, or at least “balanced” (pro-progressive reporting) must take place.

Do not listen to Alex Jones. He’s a hate monger, and spews racist and bigoted nonsense. Don’t listen to him! Cover your ears! Protect your children! Wear a hard hat!

The Media tells us...

“This is a perfectly normal and sane way of doing things. It is perfectly normal and sane to strip the earth bare and poison the air and the water in an economic system which requires infinite growth on a finite planet.

People who say otherwise are raving lunatics!”

Meanwhile the social engineers wonder why there’s increasing disaffection and alienation among the populace.

CNN televised discussion. This is not news. It is a bunch of well paid actors reading scripted lines to manipulate the public. Again; the “news” is an entertainment network designed to manipulate people. Those “experts” are all well-paid actors and actresses.

The Media tells us...

“Just spend your time in this world turning the gears of the machine and you will be happy. The machine is your friend. The machine takes care of you. Work hard pulling its levers and greasing its cogs until you are old and you will gain satisfaction,”

Today we live in a world where you are forever running on the treadmill of life. No matter what opportunities would be presented to you. The movie "Office Space" has become your perpetual reality.

Yah. Yah. And then they wonder why we're all gobbling up antidepressants like candy.

The Media tells us...

"We need to drop explosives on Nation X because they need Freedom and Democracy™. We know we said that about Nation Y and Nation Z and that went terribly wrong, but that's because it wasn't managed properly. Trust that it is good and proper for the citizens of Nation X to be killed with bombs and bullets,"

Americans are in a constant state of war. Since our nation was founded in 1776, there were only five years where we were not fighting a war. When the Constitution was written, a war was considered the last resort of desperate men. No so today. It is considered the “duty” of America to police the world at the expense of the American taxpayer for purposes of Global harmony.

Yikes! And then they wonder why people keep snapping and committing mass shootings.

The Media tells us...

“Look at that gibbering maniac trying to get a third party up and running in the most powerful nation in the world!”

Only someone who is deeply awful and defective would believe that the two party system isn't serving us,”

Yet, they supposedly wonder why everyone feels disempowered and unheard.

The Media tells us...

"Of course this is the way things are; it's the only way things could ever be.

Anyone who would try to change any part of this is either mentally ill or a Russian propagandist,"

CNN has been pushing the fake narrative about Russian collusion in an effort to undo the election of 2016 results. This narrative is so tiring that few people pay attention to it any more.

Thus they tell us that they wonder why people shut down and numb themselves with opiates. It's all out of our control. It's Russia! Russia! Russia! and the only thing that we can do is shut up and pay more taxes! Pay much more in taxes! That's the only solution!

The Media tells us...

"Everything is great. Everyone is doing fine. Everyone is happy. Look how happy everyone is on this sitcom.

If you aren't happy like that, it's not because of the machine, it's because of you.

People need to be protected from your insanity. You mustn't be allowed on any screens. You need to be silenced on social media.

Trust us. Don't trust yourself.

Don't trust that growing, gnawing sense that everything is fake and everything you've been taught is a lie.

We have never lied to you. We have never been caught red-handed deceiving you and then acted like nothing happened.

We have never gaslit you.

You are misremembering things because you are confused.

Shut up. You are dangerous.

Shut up. You are foolish.

Shut up. You are insane.

The machine is sanity. The machine is freedom. Everyone is equal here. Everyone matters. Everyone gets a voice.

Except you."

Meanwhile the social engineers wonder why people are trusting them less and less. They don't want to hear what we have to say. They only care that we obey their dictates.

The media manipulates people. They set one group of people against the others. They unify against others, and align themselves with others so that their narrative is perfected and ideal for the issue that they are trying to promote.

The Media tells us...

"War is normal.

Poverty is normal.

Mass surveillance is normal.

Censorship of dissenting ideas is normal.

Mass media propaganda is normal.

Escalating wealth and income inequality is normal.

Escalating police militarization is normal.

Escalating tensions between nuclear superpowers is normal.

Looming ecological disaster is normal."

And people wonder why everything feels so odd, and surreal. We wonder why everything seems so precarious and that we are living in a dangerous place. We wonder why we are so afraid of everything and that any day the entire house of cards is going to come crashing down.

The Media tells us...

"Insane things are sane. Sane things are insane.

Up is down.

Black is white.

War is peace.

Freedom is slavery.

Ignorance is strength.

If you disagree, you are crazy.

If you disagree, you are poison. Shut up.

You will contaminate the herd. Shut up.

You are garbage. Shut up.

You are a disease. Shut up. Shut up. Shut up."

Shut Up!

Unless...

Unless you have **experienced something first hand**, the information is more than likely false. It is a packaged narrative, sometimes based on truth, but often based on lies. It is a narrative designed to herd you, like cattle being herded by dogs. Humans are herded into behaviors by the news media. And they are tricky.

- Sometimes they use techniques to massage your emotions.
- Sometimes they use techniques to appeal to your intellect.
- Sometimes they appeal to your sense of justice.
- Sometimes they call on your instincts.

All of that is dangerous. For the most dangerous and threatening manipulations are those that we want to believe.

Conclusion

All news is a fabrication of one degree or the other. While we can read and watch the news, we absolutely need to be vigilant against manipulation. For today, ALL media without exception is designed to manipulate.

Further, the techniques to do so have been honed and perfected over the last 6 decades.

Further, the rapid increase in communication technology has made it increasingly easy to manipulate humans into mob and herd-animal behaviors.

We listen, watch and read the news at our own peril. We must do so carefully.

Thus, if you feel any of the following “urges”, please check your emotions and pause and think...

- The need to go to war with a nation in a far away land.
- The need to increase taxes for “the environment”.
- The need to ignore a crime because the criminal is “special”.
- The need to restrict or limit any freedom for reason “X”.

"I've been telling people that for years, and most of them just shrug and yawn, but the sad fact is that almost everyone who reads the papers and watches the news programs simply assumes that what they're reading and hearing is true and beyond question.

My view may be considered seriously jaundiced but I tend to doubt the truthfulness of damn near everything the news media reports."

Posts Regarding Life and Contentment

Here are some other similar posts on this venue. If you enjoyed this post, you might like these posts as well. These posts tend to discuss growing up in America. Often, I like to compare my life in America with the society within communist China. As there are some really stark differences between the two.

The Most Important Things That a Man Looks for in a Woman.

Here, we look at the things that men search for in a woman. These things are considered, by men, to be absolutely essential in a mate. We discuss ten attributes and go into detail as to why they are important.

Adventures Exploring the Cemeteries of Indiana

Cemeteries can tell us a lot about ourselves, our history, and our future. This is most especially true in regards to smaller and remote cemeteries located in the counties that surround us. This is my story about the impressions that my forays into these curiosities made upon me.

What it was like being a kid in the early 1970's

This is my narrative of what it was like growing up as a young teenager in 1971. This took place in the hills of Pennsylvania outside of Pittsburgh. I was 13 years old. I went to school, rode my bicycle around everywhere. I fished with my father, and watched television a lot.

The Fiasco of the Reengineering of the Common Tomato

This is the sad, sad story about how the wonderful and tasty tomato was reengineered to be "better". It was made better to ship. Better to sell. Better to store. However, there was one thing missing. No one paid any attention to taste, which is why it tastes like a cardboard shipping box today.

A Movie Tribute to the 1980's When Ronald Reagan Ran America.

Here we argue that movies reflect society when they were made. Today we see popular movies being remade as all female versions due to the progressive realities today. Likewise, the movies of the 1980s reflected the time when they were made as well.

Mad Scientist Explorations

Here we discuss what it was like growing up as a boy in the 1960's and the 1970's and the people, things, and adventures that inspired us. As such, we explore how the independence of growing up enabled us to cope through life when we got older.

The Gorilla Cage in the Basement

When I was a small boy, I used to play in the abandoned buildings nearby. Here is a story about one of the objects that lay hidden inside one of those buildings and the possible mysteries that it held. As a child we thought it was a gorilla cage, now as an adult, I am not so sure...

The Importance of a Family Meal Together

There is nothing more important and satisfying than spending time together with friends and family and eating a meal together. It is a time of friendship, familial bonding and relaxation. Here we discuss what I have learned from my childhood and how I apply it today in my life.

The Pleasures of Fresh Baked Bread with Butter

One of the things that I have come to miss, since I moved to China, is fresh hard crusty rolls with full salted butter. The Chinese are not really fans of crusty bread. They like sweets and sponge cakes. Here I describe something that is close to me; not appreciating what you have right in front of you.

What Work was Like in the 1960's and 1970's.

When people go to work today, they find that there are all kinds of rules and regulations. It is for diversity, safety, inclusion, and improvement in a new progressive world. Well, here is what work was like before it became a sterile progressive testing ground for the New World Order.

Learning during my 1970s High School years

Here is a pretty long post on what it was like to go to elementary school in the 1960's, and then attend high school in the 1970's. I graduated in 1977, and that my friend is exactly the target date for the famous movie "Dazed and Confused". Here is the real deal what it was like.

Some True Stories of Cat Heaven

Being in MAJestic taught me many things. One of which was an intimate understanding of Heaven and other "spiritual" things relative to quanta entanglements. Here I discuss what it is like to have a beloved animal (cat) dies and what actually happens to them and why.

Life Lessons from Working within the Corporate Dream – 1

After I was trained by MAJestic, I was left to fend for myself in Corporate America. It was a hellish existence. As such, I learned many lessons concerning behavior and the ultimate impact that it holds on our families, our friends, our loved ones, and our very lives. Here are my commentaries.

Life Lessons from Working within the Corporate Dream – 2

This is part two of the two part section. There is quite a lot of information to impart. Stories are told, and experiences relayed. Honestly working in corporate America in the 1980's, through the new century really sucked. It was harsh on everyone except the owners of the companies.

How to Build Up Your Life from Nothing.

This is for all those young men who are just leaving school and trying hard to build up their life. You can do it. Here are my thoughts and advice for a young man who is encountering that most difficult of challenges; carving your life out in the wilds of the world.

Allow your Children to Play and Grow (Part 1)

I am horrified, just horrified, that parents do not allow their children to play, roam and explore on their own. It has created a society of pampered fearful children. Here I discuss this in terms of what I know. This is very non-PC and might offend the more liberal readers out there.

Allow your Children to Play and Grow (Part 2)

This is the second part of my rant about permitting children to play, explore and have fun. Everyone, the odds that some stranger will abduct your child is very small. Most people who do this are family friends and neighbors. Stop being so fearful. It harms the development of your child.

Ode to Diabolical Cretin John McCain

Well, that evil son-of-a-bitch is finally dead. If his grave wasn't so far away, I go there and dance on top of it. This guy has spent his life backstabbing people, hurting people, concocting wars, and doing everything in his power to disrupt the lives of people. Good fucking riddance.

The Song "Baby Got Back" Translated into Latin

Here is a fun post. The song "Baby Got Back" is translated into Latin and then back again. I have to tell you that it is indeed hilarious. *Rebecca, ecce! tantae clunes isti sunt!* (Rebecca, behold! Such large buttocks she has!) Anyways, it's just all fun and games. Enjoy.

Every Man Should Have a Roll-Top Desk

It's true, and I discuss why. A roll-top desk is made for the person who accumulates the clutter of the road as they forge their way through life. The desk becomes a symbol and a place for a man's privacy. It is a place where he has control over his life, and a place to store his treasures.

More Posts about Life

I have broken apart some other posts. They can best be classified about ones actions as they contribute to happiness and life. They are a *little different*, in subtle ways.

On Being an Older Gent

Here are my thoughts on growing old as a man. The truth is that the life that I expected to have as I was growing up never materialized. Instead, something else manifested. My life today is nothing compared to what I thought it would be. For my illusions were created by American media.

Be Who You Are

All our lives we are told who to be, what to do, what career to take. Our religion, our work, our schools, our government, and our loved ones all tell us what we need to do. Here, I tell you the opposite. Stop allowing others to tell you what to do. You know what you need inside of you.

Calexit and the American Civil War

This is a pretty detailed look at the causes of the American civil war, and why it wasn't about slavery. We look at the rewriting of history by the internet, and the efforts that President Obama took to keep California intact so that the Democrats could maintain political power and control.

Why an American man should leave America and Travel

All people should get up off their duff and go forth and Travel. However, this is most especially true for American men. The United States has become a crucible of PC progressive realities that attack and depreciate American men. Go out, young man, see the world as it really is!

The Amazing Bremelanotide PT-141

Forget Viagra, and all those other ED medications. This is the real deal. This little baby causes humans to *go into heat*. It interacts with the brain and sets up feelings of intense arousal on both men and women. It turns people into 16 year olds. As such it is banned in the USA by the FDA.

Bronco Billy and the 25th Law of Power

Bronco Billy is a fictional movie starring Clint Eastwood. The movie depicts the life of a man who decides to change his life and go ahead and do what he has always dreamed of doing. He goes out and becomes his dream. There are lessons here for all of us, we only need listen.

The r/K Selection Theory applied to American Politics

The r/K theory is a pretty well-known theory on animal behavior. It simply states that animals behave as they need to based on the scarcity of resources. Here, we argue that it can be applied to why humans follow different political philosophies. Especially in American politics.

How they get away with it

Ten years ago, Bankers committed fraud in Wall Street that just about devastated the nation. Earlier, we had the S&L fiasco, the nightmare with penny stocks, and now the grand wholesale treason with the selling of Top Secrets to a foreign nation. This is how they get away with it.

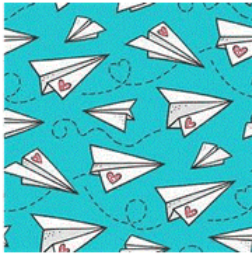

The Line in the Sand – Now What?

It's the same story. Just vote for us, and we will correct everything. Yet, nothing ever happens. You know, boys and girls, this old "song and dance" can only be maintained for so long. Eventually it will fractures, and people will no longer rely on elections to institute change...

The importance of having a second passport.

So President Trump is building a wall to protect Americans. Hum. Where have I heard that before? Oh yes, in Germany right when they were making the wall that separated Berlin. Walls serve two purposes; they keep people out, but they also keep people in. Be careful what you wish for.

This is a tale of what me and my classmates used to do when we were young Aerospace Engineering students at the university. We would design paper airplanes and shoot them down with bottle rockets. Here is just a fun little exercise down “memory lane”. Enjoy.

What is Snopes.com and can it be Trusted?

Snopes is a “fact check” website that is fully funded by the oligarchy. It is used to “shout down” any narratives that does not support the rich and powerful, and politically connected globally. Here we discuss the organization, who they are and what they represent.

Today America Taxes it's Expats without Representation.

This is a sad state of affairs. Americans who reside outside of the United States now have to pay American taxes, even though they have no representation in Congress. As I recall this was one of the reasons for the American cry for independence in 1776.

What life is like inside the ADC Prison in Arkansas

The Hazing of New Employees – A Lost Tradition

Up until the 1980's all companies would haze new employees. Today, we live in a world regulated by the government and policed by Human Resources. We forget how things used to be just a handful of decades ago. Here is my narrative when I started to work.

How to Build a Gallows and a Hangman's Noose

The Many Things that Democrats want to Ban

This is a running list of the many things that American Democrats want to ban, have banned, or are trying to ban. You know, a ban of anything is a restriction on freedom. That is not what America was founded upon. Yet, here we are today. Everyday is a new ban, and loss of freedom.

Nations that an American Man could Travel and Relocate to – Part 1

Here, I suggest places where an American man could go if he wanted to start all over again. You know, this happens. Often a man will go through a nasty divorce, or get raked over the coals by a business associate or the United States government. When it happens, it's time to start new.

Nations that an American Man could Travel and Relocate to – Part 2

Alternative Search Engines instead of Google

Google does two things that I do not like. Firstly, they vacuum up everything you do and send the information straight to the American deep state; the NSA and DHS. Secondly, they censor your results for you according to what they think you should see. Here we look at alternatives.

The Consequences of the #MeToo Movement

While the #MeToo movement burst forth onto American culture with good intentions, it was soon coopted by those with selfish and sinister intent. The aggressive nature of the accusations, and the consequences of being accused became dangerous. Here we look at the corporate aspect.
